VOTE BOTH SIDES

REFERRED TO THE PEOPLE BY THE LEGISLATIVE ASSEMBLY

MEASURE 10

AMENDS CONSTITUTION: ALLOWS PUBLIC UNIVERSITIES TO RECEIVE EQUITY IN PRIVATE COMPANIES AS COMPENSATION FOR PUBLICLY CREATED TECHNOLOGY

RESULT OF "YES" VOTE: "Yes" vote allows Oregon public universities to receive equity (stock) for technology that schools create and to hold certain stocks invested in Oregon technology development.

RESULT OF "NO" VOTE: "No" vote rejects proposal allowing Oregon public universities to receive equity (stock) for technology that schools create or hold stocks invested in Oregon technology development.

SUMMARY: Currently, the Oregon Constitution prohibits the state from subscribing to or being interested in the stock of any company. The Constitution provides exceptions to that provision, allowing public colleges and universities to receive, hold, dispose of and receive dividends from stocks donated or bequeathed for higher education purposes. This measure amends the Oregon Constitution, allowing public colleges and universities to be compensated with stock when private companies use technology the schools created. The measure also allows public colleges and universities to hold stock received before December 5, 2002, if that stock was received as a state asset invested in the creation or development of technology within Oregon. The measure does not permit the use of taxpayer money for speculation or investment in the stock market.

ESTIMATE OF FINANCIAL IMPACT: There is no financial effect on state or local government expenditures or revenues.

YES 

NO 

MEASURE 11

AMENDS CONSTITUTION: AUTHORIZES LESS EXPENSIVE GENERAL OBLIGATION BOND FINANCING FOR OHSU MEDICAL RESEARCH AND OTHER CAPITAL COSTS

RESULT OF "YES" VOTE: "Yes" vote would authorize state to issue less expensive general obligation bonds rather than more expensive revenue bonds to finance OHSU medical research, capital costs.

RESULT OF "NO" VOTE: "No" vote rejects authorization for state to issue less expensive general obligation bonds to finance OHSU capital costs; maintains revenue bond financing under existing law.

SUMMARY: Amends Constitution. The measure authorizes the sale of less expensive general obligation bonds, in place of more expensive revenue bonds previously authorized by the 2001 Legislature under the Oregon Opportunity Act. Net bond proceeds, which may not exceed \$200 million, would finance statewide medical and technology research, and other capital costs, for Oregon Health and Science University (OHSU). Bond proceeds may not be used for OHSU operating expenses. The measure limits the amount of the indebtedness incurred under this measure to one-half of one percent of the real market value of all property in the state. Measure specifies sources of repayment: General Fund, lottery funds, tobacco settlement funds, and amounts appropriated from other sources, but not including ad valorem property taxes. Other provisions.

ESTIMATE OF FINANCIAL IMPACT: The measure authorizes the issuance of general obligation bonds for Oregon Health and Science University in an amount that produces net proceeds up to \$200 million. Principal and interest on the bonds will cost an estimated \$15.8 million per year for 20 years, for an estimated total cost to the state of \$316 million (including \$115.3 million of interest). Passage provides interest savings of approximately \$1.6 million per year totaling \$31.5 million over the 20 years.

There is no financial effect on local government expenditures or revenues.

MEASURE 13

AMENDS CONSTITUTION: AUTHORIZES USING EDUCATION FUND PRINCIPAL IN SPECIFIED CIRCUMSTANCES; TRANSFERS \$220 MILLION TO SCHOOL FUND

RESULT OF "YES" VOTE: "Yes" vote converts education endowment fund to stability fund; authorizes, conditions using fund principal for education; transfers \$220 million from fund to School Fund.

RESULT OF "NO" VOTE: "No" vote rejects: converting education endowment fund to stability fund; authorizing, conditioning use of fund principal; transferring \$220 million from fund to School Fund.

SUMMARY: Amends constitution. Under existing law, the state deposits a portion of state lottery proceeds into the education endowment fund; fund's earnings are used for public education, student assistance; principal is retained in fund. Measure converts education endowment fund to education stability fund. Measure authorizes legislature to use any portion of education stability fund principal for public education if three-fifths of the members of each house of legislature approve, and either (1) legislature makes required finding as to decline in projected state revenue or in seasonally adjusted nonfarm employment, or (2) Governor declares emergency. On May 1, 2003, measure transfers \$220 million from stability fund to State School Fund to be used as provided by law for moneys in State School Fund. Other provisions.

ESTIMATE OF FINANCIAL IMPACT: The education stability fund will be reduced by \$220 million in May 2003. This amount will go into the State School Fund to be distributed to school districts at that time.

Earnings on this education stability fund will be reduced by an estimated \$10.7 million per year beginning in mid-2003.

This measure has no financial effect on local government expenditures or revenues.
