Kim Lindell, Umatilla County Elections Manager

Senate Joint Resolution 1 — Referred to the Electorate of Oregon by the Legislative Assembly of the 2013 Regular Session to be voted on at the General Election, November 4, 2014.

Measure No: 86

Caption: Amends Constitution: Requires creation of fund for Oregonians pursuing post-secondary education, authorizes state indebtedness to finance fund

Result of Yes: "Yes" vote amends constitution and requires legislature to establish fund for Oregonians pursuing post-secondary education, career training; authorizes state to incur debt to finance fund.

Result of No: "No" vote rejects authorization for state to extend credit and incur debt to create dedicated fund for Oregon students pursuing post-secondary education and career training.

Summary: Amends Constitution. Oregon constitution generally prohibits the state from extending credit or incurring debt. Measure requires the legislature to create dedicated fund for exclusive benefit of Oregon students pursuing post-secondary education, including technical, professional and career training. Measure authorizes state to lend credit and incur debt to finance fund. Indebtedness incurred may not exceed one percent of real market value of all property in state. Moneys in fund not subject to constitutional limitations on investment. Generated earnings must be retained by fund, unless used to provide financial assistance to Oregon students pursuing post-secondary education. If governor declares an emergency, legislature may pass a bill to use the fund's money for any lawful purpose, provided the legislature also has approved a plan to repay the fund.

Financial Impact: There is no financial effect on either state or local government expenditures or revenues.

Kim Lindell, Umatilla County Elections Manager

Senate Joint Resolution 203 - Referred to the Electorate of Oregon by the Legislative Assembly of the 2014 Regular Session to be voted on at the General Election, November 4, 2014.

Measure No: 87

Caption: Amends Constitution: Permits employment of state judges by National Guard (military service) and state public universities (teaching)

Result of Yes: "Yes" vote amends constitution to permit state judges to be employed by Oregon National Guard for military service purposes, state public universities for teaching purposes.

Result of No: "No" vote retains existing constitutional restrictions on employment of Oregon state court judges by the Oregon National Guard and by the state public university system.

Summary: Article III, section 1, of Oregon Constitution ("separation of powers" clause) prohibits person from serving in more than one branch of government at the same time; Oregon Supreme Court has ruled that provision prohibits state court judges from teaching at institutions of public education. Article II, section 10, prohibits state court judges from being compensated for military service in National Guard. Measure amends constitution to authorize any public university as defined by law to employ state court judges for purpose of teaching at Oregon public universities. Measure also authorizes employment of state court judges by Oregon National Guard for purpose of military service. Measure provides that such educational or military employment shall not preclude person from serving as state judge at same time. Other provisions.

Financial Impact: There is no financial effect on either state or local government expenditures or revenues.

 Kim Lindell, Umatilla County Elections Manager

Measure No: 88

Caption: Provides Oregon resident "driver card" without requiring proof of legal presence in the United States

Result of Yes: "Yes" vote directs Department of Transportation to issue "driver card" to Oregon resident meeting specified eligibility, without requiring proof of legal presence in United States.

Result of No: "No" vote rejects law directing Department of Transportation to issue "driver card" to eligible Oregon resident without requiring proof of legal presence in United States.

Summary: Current law requires any applicant for an Oregon driver license or permit to provide proof of legal presence in the United States. Measure directs the Department of Transportation to issue a "driver card" to an applicant who does not provide proof of legal presence in the United States, but who has otherwise complied with all Oregon requirements for the type of driving privileges sought, has provided proof of residence in Oregon for more than one year, and has provided proof of identity and date of birth. The driver card may not be used as identification for air travel, to enter a federal building, to register to vote or to obtain any government benefit requiring proof of citizenship or lawful presence in United States. Other provisions.

Financial Impact: This measure will require the Oregon Department of Transportation (ODOT) to issue an Oregon Driver Card to an applicant without requiring the applicant to provide proof of legal presence in the United States, if that individual complies with all the requirements for the driving privileges to be sought; provides proof of identity and date of birth; (3) provides proof of residing in Oregon in excess of one year as of the date of the application; (4) provides a Social Security number (SSN) assigned to that individual by the United States Social Security Administration (SSA) or provides a written statement that the individual has not been assigned a SSN; and (5) pays any fees associated with the type of driver card being sought. The cost to provide these cards is estimated at \$2,794,802 in the 2013-15 biennium and \$2,677,144 in the 2015-17 biennium, but revenues are expected to be sufficient to offset these costs to ODOT. The revenue in excess of the costs will be deposited within the State Highway Fund.

The referendum establishes the following fees: (1) \$64 for issuance of a Class C driver card; (2) \$5 for the knowledge test for a Class C driver card; (3) \$9 for the skills test for a Class C driver card; (4) \$64 for issuance of a restricted Class C driver card; (5) \$44 for renewal of a Class C driver card; (6) \$30 for replacement of a Class C driver card; (7) \$6 for the Student Driver Training Fund; (8) \$75 for reinstatement of revoked driving privilege; (9) \$75 for reinstatement of suspended driving privileges; and (10) fee for reinstatement of the right to apply for driving privileges after a delay under ORS 809.280 (10) (1997 Edition), which is the same as the fee for reinstatement of suspended driving privileges.

The referendum provides that the fees charged for an Oregon Driver Card would be used for administrative purposes and distributed to the Highway Fund in the same manner as fees charged for an Oregon Driver License. It is anticipated that this measure will generate \$3,510,437 of revenue in 2013-15 and \$4,333,562 in 2015-17.

There are no anticipated effects on local government.

I certify that the votes recorded on this abstract correctly summarize the tally of votes cast in the General Election held on 4th day of November 2014.

Kim Lindell, Umatilla County Elections Manager

Proposed by initiative petition to be voted on at the General Election, November 4, 2014.

Measure No: 89

Caption: Amends Constitution: State/political subdivision shall not deny or abridge equality of rights on account of sex

Result of Yes: "Yes" vote amends state constitution, prohibits state and any political subdivision from denying or abridging equality of rights under the law on account of sex.

Result of No: "No" vote retains current prohibition on laws granting/denying privileges or immunities on account of sex, unless justified by specific biological differences between men/women.

Summary: Under Article I, section 20, of the Oregon Constitution, laws granting privileges or immunities must apply equally to all persons. The Oregon Supreme Court has held that that provision prohibits laws treating people differently based on sex unless justified by specific biological differences. No current provision in constitution expressly states that prohibition. Measure amends Article I by creating new section 46, which provides that equality of rights under the law shall not be denied or abridged by the state or any political subdivision on account of sex. Measure authorizes legislature to enforce that provision by appropriate legislation. Measure provides that nothing in section 46 "shall diminish a right otherwise available to persons under section 20 of this Article or any other provision of this Constitution."

Financial Impact: There is no financial effect on either state or local government expenditures or revenues.

Kim Lindell, Umatilla County Elections Manager

Proposed by initiative petition to be voted on at the General Election, November 4, 2014.

Measure No: 90

Caption: Changes general election nomination processes: provides for single primary ballot listing candidates; top two advance

Result of Yes: "Yes" vote replaces general election nomination processes for most partisan offices; all candidates listed on one single primary ballot; two advance to general election ballot.

Result of No: "No" vote retains current general election nomination processes, including party primaries for major parties; separate primary ballots; multiple candidates can appear on general election ballot.

Summary: Currently, each major party has a separate primary election ballot. Major party's registered voters nominate party's candidates; others' primary ballots include only nonpartisan candidates; all vote for one candidate per office. General election ballot may include multiple candidates per office: unaffiliated, major, minor party candidates. Measure replaces that system for most partisan offices, including many federal (not Presidential), all state, county, city, district offices. Single primary ballot lists all candidates for each office. Voters may vote for any candidate, regardless of voter's or candidate's party affiliation. Only top two candidates per office appear on general election ballot; may be from same party. Primary, general election ballots must contain candidates' party registration/endorsements. Eligible person, regardless of party, may be selected to fill vacancy. Other provisions.

Financial Impact: This measure changes statutes relating to primary elections. Except for the office of President, it requires that the two candidates receiving the highest number of votes advance to the general election regardless of party affiliation. The measure provides criteria for listing candidates on ballots. It establishes procedures for filling vacant Congressional offices through special elections and allows appointment to vacant state offices regardless of party affiliation. The initiative contains statutory criteria for establishing minority parties and retaining their status. It requires the Legislature to pass implementing statutes.

The Secretary of State Elections Division estimates start-up costs of \$362,640 to modify computer systems. The most likely funding source would be revenues from the General Fund.

Because of the estimated mix of costs and savings, the financial impact to counties is indeterminate.

Kim Lindell, Umatilla County Elections Manager

Measure No: 91

Caption: Allows possession, manufacture, sale of marijuana by/to adults, subject to state licensing, regulation, taxation

Result of Yes: "Yes" vote allows possession, authorizes in-state manufacture, processing, sale of marijuana by/to adults; licensing, regulation, taxation by state; retains current medical marijuana laws.

Result of No: "No" vote retains laws classifying cannabis as a controlled substance; prohibiting most sale, possession, manufacture of cannabis; permitting production, possession of cannabis for medical use.

Summary: Currently, cultivation, possession, delivery, sale of marijuana are unlawful, excepting regulated production, possession, use of medical marijuana. Measure allows production, processing, delivery, possession, sale of marijuana to adults, licensed, regulated by Oregon Liquor Control Commission (OLCC). Marijuana producer, processor, wholesaler may deliver "marijuana items" (defined) only to/on licensed retail premises. OLCC collects tax imposed on marijuana producer at different rates for marijuana flowers, leaves, immature plant. "Homegrown marijuana" (defined) not regulated, taxed. Tax revenues, fees fund OLCC suspense account, Oregon Marijuana Account distributed: 40% to Common School Fund; 20% for mental health/alcohol/drug services; 15% for state police; 20% for local law enforcement; 5% to Oregon Health Authority. "Marijuana paraphernalia" (defined) excluded from "drug paraphernalia" laws. Other provisions.

Financial Impact: This measure legalizes, regulates and taxes the manufacture, sale and use of marijuana in Oregon. State and local expenditures and revenues will be impacted by passage of this measure.

The measure requires the Oregon Liquor Control Commission (OLCC) to license and regulate the distribution of marijuana. The revenue estimate from taxes when fully implemented may range from \$17 million to \$40 million annually.

The OLCC estimates that the start-up costs are about \$300,000 in state fiscal year 2015, about \$2.5 million in state fiscal year 2016, and \$1.0 million in 2017. OLCC annual operating expenses are estimated to be \$3.2 million per year. New revenues are expected to be sufficient to offset these costs.

The remaining revenue beyond expenses would be distributed as follows: 40% to the Common School Fund, 20% to the Mental Health Alcoholism and Drug Services Account, 15% to the State Police Account, 10% to cities for law enforcement, 10% to counties for law enforcement, and 5% to the Oregon Health Authority for alcohol and drug abuse prevention, early intervention and treatment services.

The Oregon Health Authority estimates \$200,000 per year in additional expenditures for two positions to license marijuana facilities that test marijuana products. This estimate assumes 20 such facilities. New revenues are expected to be sufficient to offset these costs.

The Oregon Department of Agriculture estimates \$100,000 per year in additional expenditures for one position to provide rulemaking related to marijuana-infused food products, engage in outreach to the food industry, and assist members of the food industry to achieve compliance with rules. New revenues are expected to be sufficient to offset these costs.

Oregon State Police estimates that passage of the initiative would create a need for three additional Highway Interdiction Team detectives as well as training of all sworn members in Advanced Roadside Impairment Driving Enforcement and training of some members to join the existing pool of Drug Recognition Experts. The associated start-up costs for additional staffing and training are estimated at \$400,000 in state fiscal year 2016 and ongoing expenses of \$400,000 per year beginning in fiscal year 2016. New revenues are expected to be sufficient to offset these costs.

The Oregon Judicial Department expects additional court costs to address OLCC rulemaking and licensing authority of between \$21,417 and \$55,902 in the 2015-17 biennium and between \$13,068 and \$47,190 per year in later biennia.

Passage of the initiative may result in the reduction in the number of persons entering the public safety system for marijuana-related violations, thereby reducing state General Fund expenditures on community corrections. Passage of the initiative may result in a reduction in the dollar value of fines collected by state and local governments for convictions of marijuana-related violations. Therefore, the impact for state and local governments, district attorneys, and the courts is indeterminate.

New jobs created will generate an indeterminate amount of income tax revenue.

I certify that the votes recorded on this abstract correctly summarize the tally of votes cast in the General Election held on 4th day of November 2014.

Kim Lindell, Umatilla County Elections Manager

Proposed by initiative petition to be voted on at the General Election, November 4, 2014.

Measure No: 92

Caption: Requires food manufacturers, retailers to label "genetically engineered" foods as such; state, citizens may enforce

Result of Yes: "Yes" vote requires the labeling of raw and packaged foods produced entirely or partially by "genetic engineering," effective January 2016; applies to retailers, suppliers, manufacturers.

Result of No: "No" vote retains existing law, which does not require "genetically engineered" food to be labeled as such.

Summary: Current law does not require labeling of "genetically engineered" food. Measure requires retailers of genetically-engineered raw food to include "Genetically Engineered" on packages, display bins, or shelves; suppliers must label shipping containers. Requires manufacturers of packaged food produced entirely or partially by genetic engineering to include "Produced with Genetic Engineering" or "Partially Produced with Genetic Engineering" on packages. Defines "genetically engineered" food as food produced from organisms with genetic material changed through in vitro nucleic acid techniques and certain cell-fusing techniques; exempts traditional plant-breeding techniques like hybridization. Does not apply to animal feed or food served in restaurants. Directs agencies to implement law. Permits state, injured citizen to sue manufacturer, retailer for knowing/intentional violation; attorney fees for prevailing citizen. Other provisions.

Financial Impact: The measure requires the State Department of Agriculture and/or the Oregon Health Authority to prescribe, enact, and enforce rules necessary to ensure that food manufacturers and retailers properly label raw and packaged food that is entirely or partially produced with genetic engineering. The measure is expected to result in direct expenditures by State agencies for initial one time start-up costs estimated at between \$550,000 and \$600,000. Costs associated with ongoing enforcement have variable assumptions about the level of administrative oversight. There are potential indirect economic effects that may be offsetting. Therefore, the direct financial impact and indirect economic impact is indeterminate.

There is no anticipated effect on local government.

East Umatilla County Health District

Measure No: 30-98

Caption: Five-Year Local Option Tax for General Operations

Question: Shall the East Umatilla County Health District impose a \$.50/\$1,000.00 assessed value for operations for five years beginning 2015/2016? This measure may cause property taxes to increase more than three percent.

Summary: The East Umatilla County Health District is seeking new revenue to provide advance life support (ALS) medical services on a 24-hour per day, 365 days per year basis; and yearly vehicle, building, equipment maintenance. The taxes will be used to help fund a full-time paramedic/administrator, EMS trainer/supply clerk, and part-time office manager. The proposed rate will raise approximately \$131,800.00 in 2015-2016, \$135,574.00 in 2016-2017, \$139,826.00 in 2017-2018, \$144,020.00 in 2018-2019, and \$148,340.00 in 2019-2020, for the total of \$699,560.00. The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of the estimate.

Kim Lindell, Umatilla County Elections Manager

Measure No: 30-99

Caption: Ten Year Capital Projects Local Option Tax

Question: Shall the District impose \$0.65 per \$1,000 of assessed value for ten years for capital projects beginning in 2015. This measure may cause property taxes to increase more than three percent.

Summary: The tax revenue from this measure will allow the Umatilla Rural Fire Protection District to provide for capital upgrades, renovations, and purchases with the goal of improving firefighter safety, equipment reliability and meet current NFPA recommended standards, and proficiency in overall District operations. Examples of this are; purchases of personal protective equipment for firefighters, station upgrades to meet OSHA recommended standards (i.e., exhaust fume evacuation, power and compressed air drops for apparatus, automatic apparatus doors), purchase of new apparatus to provide for more reliability and meet safety and performance standards, centralized District office and maintenance bay to provide for more public accessibility and more efficient operations.

The funds generated are estimated to be \$186,363.90 annually beginning fiscal year 2014-2015 to equal approximately \$1.86 million over a ten year period. The estimated tax cost for this measure is an ESTIMATE ONLY, based on the best information available from the county assessor at the time of estimate.

Kim Lindell, Umatilla County Elections Manager

Umatilla County Fire District #1

Measure No: 30-100

Caption: FORMATION AND PERMANENT RATE OF UMATILLA COUNTY FIRE DISTRICT #1

Question: Shall the Umatilla County Fire District #1 be formed with a permanent tax rate of \$2.00/\$1,000.00 assessed value beginning FY2015-2016?

Summary: A "yes" vote forms Umatilla County Fire District #1 and establishes permanent tax rate. The district would service the areas now covered by the Hermiston Fire & Emergency Services District and the Stanfield Rural Fire Protection District, along with other property. The new district will provide fire protection and first responder emergency services. This measure establishes permanent rate limit of \$2.00/\$1,000 assessed value for the Umatilla County Fire District #1. A home assessed at \$100,000 would pay \$200.00 per year. The estimated total amount collected annually by the district would be \$4,000,000. The district may levy a lower rate. This permanent rate is an upper limit that by law can never be raised. This will result in the Stanfield district property owner paying about \$0.06 less per \$1000 and the Hermiston district property owner paying approximately \$0.80 more per \$1000 more on their property. The formation of the district is dependent on the dissolution of the two existing districts. Without an affirmative vote on all three measures, the vote on all measures is considered void.

Kim Lindell, Umatilla County Elections Manager

Measure No: 30-101

Caption: Five-Year Local Option Tax for Fire Protection Services

Question: Shall the District impose \$0.9123 per \$1,000 of assessed value for contract fire protection services for five years beginning 2015-16? This measure renews current local option taxes.

Summary: This measure would authorize the District to continue to levy property tax at a rate of \$0.9123 per thousand dollars of assessed valuation each year commencing with the fiscal year beginning July 1, 2015 for five consecutive years. The proposed rate would raise approximately \$36,000 in tax revenues in each of the five years of the levy. The District would use the tax revenue from this measure to satisfy obligation to the City of Pendleton for contracted fire protection services within District boundaries. Without funding from this measure it is likely that the District will be unable to pay for contracted fire protection services, during the period of the proposed local option tax, from the City of Pendleton which would have a negative impact on residents of the District. Without contracted fire protection services there is the potential for increased homeowners insurance rates for residents of the District.

Measure No: 30-102

Caption: Dissolution of Hermiston Fire and Emergency Services District.

Question: Shall the Hermiston Fire and Emergency Services District be dissolved?

Summary: This measure will dissolve the Hermiston Fire and Emergency Services District effective June 30, 2015 at 11:59 p.m. If approved, the District's current permanent tax rate will be eliminated.

If the ballot measure, the measure to dissolve the Stanfield Fire District, and the measure to create the Umatilla County Fire District # 1 are approved, the District will cease operation on June 30, 2015, and will transfer all of its equipment and vehicles to the new Fire District.

Beginning July 1, 2015, the new District will provide fire protection, rescue, and emergency services. The District will include the cities of Hermiston, Stanfield, and rural areas of Umatilla County, including all properties now in the existing Stanfield and Hermiston Fire Districts.

This measure will take effect only if measures approving formation of a new Fire District and the dissolution of the Stanfield and Hermiston Fire Districts are approved by the voters.

Measure No: 30-104

Caption: Six (6) year Local Option Tax for Echo Fire District operation

Question: Shall the Echo Fire District levy a local option tax of \$30,000 per year for six (6) years? "This measure may cause property taxes to increase more than three (3) percent."

Summary: Echo Fire District #7-403 operates out of 3 fire stations with 12 vehicles to cover 480 square miles. This option tax is needed to operate the Echo Fire District at its current level. This levy ended fiscal year 2013-14. The total amount of the local tax is \$180,000 over six (6) years. The estimated rate at present assessed value is \$0.38 per thousand. "The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of estimate."
