Senate Joint Resolution 2—Referred to the Electorate of Oregon by the 1999 Legislature to be voted on at the General Election, November 7, 2000.

BALLOT TITLE

83 AMENDS CONSTITUTION: AUTHORIZES NEW STANDARDS, PRIORITIES FOR VETERANS' LOANS; EXPANDS QUALIFIED RECIPIENTS

RESULT OF "YES" VOTE: "Yes" vote authorizes new standards and priorities, and expands qualified recipients for veterans' loans.

RESULT OF "NO" VOTE: "No" vote retains current standards, priorities, and qualifications for veterans' loans.

SUMMARY: Amends Constitution. Constitution now authorizes fund from which state makes home, farm loans to veterans who served certain active duty. Measure authorizes Director of Veterans' Affairs to establish standards and priorities for granting loans from fund. Measure eliminates requirement that part of active duty be served between September 15, 1940, and December 31, 1976. Measure provides that active duty includes service in operations for which certain awards are authorized, and does not include training. Measure eliminates outdated language.

ESTIMATE OF FINANCIAL IMPACT: The measure authorizes the issuance of additional bonds for veterans home and farm loans in an amount that will be approximately $50 million during each two-year budget period.

There is no impact on local government expenditures or revenues.

Senate Joint Resolution 39—Referred to the Electorate of Oregon by the 1999 Legislature to be voted on at the General Election, November 7, 2000.

BALLOT TITLE

84 AMENDS CONSTITUTION: STATE MUST CONTINUE PAYING LOCAL GOVERNMENTS FOR STATE-MANDATED PROGRAMS.

RESULT OF "YES" VOTE: "Yes" vote retains requirement that state pay local governments for costs of state-mandated programs.

RESULT OF "NO" VOTE: "No" vote repeals requirement that state pay local governments for costs of state-mandated programs.

House Joint Resolution 28—Referred to the Electorate of Oregon by the 1999 Legislature to be voted on at the General Election, November 7, 2000.

BALLOT TITLE

85 AMENDS CONSTITUTION: MODIFIES POPULATION, MINIMUM AREA REQUIREMENTS FOR FORMATION OF NEW COUNTIES

RESULT OF "YES" VOTE: "Yes" vote modifies population and minimum area requirements for formation of new counties.

RESULT OF "NO" VOTE: "No" vote retains current constitutional requirements for minimum area of counties, population of new counties.

SUMMARY: Amends constitution. Constitution now requires that all counties have minimum area of 400 square miles and that new counties have minimum of 1200 inhabitants. Measure permits new county to be established with, or existing county to be reduced in size to, less than 400 square miles, provided that new county has more than 100,000 inhabitants. If new county is established on land from existing county, existing county must retain population at least as great as that of new county at time new county is established.

ESTIMATE OF FINANCIAL IMPACT: There is no financial effect on state or local government expenditures or revenues.

House Joint Resolution 17—Referred to the Electorate of Oregon by the 1999 Legislature to be voted on at the General Election, November 7, 2000.

BALLOT TITLE

86 AMENDS CONSTITUTION: REQUIRES REFUNDING GENERAL FUND REVENUES EXCEEDING STATE ESTIMATES TO TAXPAYERS

RESULT OF "YES" VOTE: "Yes" vote establishes constitutional requirement to refund general fund revenues exceeding state estimates to taxpayers.

RESULT OF "NO" VOTE: "No" vote rejects constitutional requirement to refund general fund revenues exceeding state estimates to taxpayers.

SUMMARY: Amends Constitution. Current statutes require state to estimate future general fund revenues from corporate income/excise taxpayers and from personal income taxpayers and require refunds to either of those two categories of taxpayers when revenues received from that category of taxpayers exceed estimate by two percent. Measure creates constitutional provision establishing such "kicker" refund determinations and requiring refunds when revenues received exceed estimates by two percent. Allows legislature to determine how revenues shall be returned to taxpayers. First applies to biennium beginning July 1, 2001.

ESTIMATE OF FINANCIAL IMPACT: There is no financial effect on state or local government expenditures or revenues.

House Joint Resolution 52—Referred to the Electorate of Oregon by the 1999 Legislature to be voted on at the General Election, November 7, 2000.

BALLOT TITLE

87 AMENDS CONSTITUTION: ALLOWS REGULATION OF LOCATION OF SEXUALLY ORIENTED BUSINESSES THROUGH ZONING

RESULT OF "YES" VOTE: "Yes" vote allows zoning of sexually oriented businesses without showing threatened or actual neighborhood harm.

RESULT OF "NO" VOTE: "No" vote retains ban on zoning businesses based on content of speech, expression presented there.

SUMMARY: Amends constitution. Oregon Constitution allows regulation of location of sexually oriented businesses upon showing of threatened or actual neighborhood harm other than exposure to sexual expression, and only as other businesses' locations regulated for same harm. Federal constitution permits some zoning of sexually oriented businesses. Measure would allow zoning of such businesses without showing threatened or actual harm, to extent permitted by federal constitution. Covers commercial establishments whose principal business is nude dancing, nude entertainment or production, distribution or display of representations of sexual activity.

ESTIMATE OF FINANCIAL IMPACT: There is no financial effect on state or local government expenditures or revenues.

Senate Bill 535—Referred to the Electorate of Oregon by the 1999 Legislature to be voted on at the General Election, November 7, 2000.

BALLOT TITLE

88 INCREASES MAXIMUM DEDUCTIBLE IN OREGON FOR FEDERAL INCOME TAXES PAID

RESULT OF "YES" VOTE: "Yes" vote increases maximum deductible on Oregon income tax returns for federal income taxes paid.

RESULT OF "NO" VOTE: "No" vote retains current cap on amount deductible in Oregon for federal income taxes paid.

SUMMARY: Under current Oregon law, taxpayers may deduct up to $3000 on their Oregon income tax returns for federal income taxes paid; spouses filing their Oregon tax returns separately may deduct up to $1,500. Measure would increase those amounts to $5,000 and $2,500, respectively. Applies to tax years beginning on or after January 1, 2002. Requires cost of living adjustment for calendar years beginning on or after January 1, 2003. Provides no replacement funds and reduces revenues available for general government expenditures.

ESTIMATE OF FINANCIAL IMPACT: By allowing a larger subtraction of federal personal income taxes from Oregon income, this measure would reduce state revenue by approximately $47 million in fiscal year 2001-02, $120 million in fiscal year 2002-03 and approximately $130 million per year thereafter. This impact will grow according to growth in overall income tax revenue.

There is no financial effect on local government expenditures or revenues.

RESULT OF "YES" VOTE: "Yes" vote creates fund from tobacco settlement proceeds dedicated to specified health, housing, transportation programs.

RESULT OF "NO" VOTE: "No" vote rejects creating fund from tobacco settlement dedicated to specified health, housing, transportation programs.

SUMMARY: Measure creates fund using Oregon's share of tobacco litigation settlement. Requires annual distribution, in specified amounts, of fund's investment earnings only to specified programs, including elderly and disabled transportation fund; low income, disabled housing programs; tobacco use prevention programs; Oregon Health Sciences University's medical researcher recruitment; nonprofit organizations providing women's shelter care; county public and mental health programs. The measure allocates an estimated $8.8 million for specified health, housing and transportation programs during state fiscal year 2001 (July 1, 2000 - June 30, 2001). Estimated revenue for state fiscal years 2002 and 2003 are $11.2 and $16.4 million respectively. Of these amounts, local governments would receive an estimated $5.3 million in 2001, $6.7 million in 2002 and $9.9 million in 2003.

There is no financial effect on local government expenditures.

Proposed by referendum petition to be voted on at the General Election, November 7, 2000.

Proposed by initiative petition to be voted on at the General Election, November 7, 2000.

BALLOT TITLE

91 AMENDS CONSTITUTION: MAKES FEDERAL INCOME TAXES FULLY DEDUCTIBLE ON OREGON TAX RETURNS

RESULT OF "YES" VOTE: "Yes" vote makes federal income taxes fully deductible on Oregon personal, corporate income tax returns.

RESULT OF "NO" VOTE: "No" vote retains current system limiting federal income tax deduction on Oregon income tax returns.

SUMMARY: Amends Constitution. Under current Oregon law, personal income tax payers, including individuals, may deduct money paid in federal income tax; deduction generally limited to $3000. Currently, corporations paying Oregon income tax get no deduction for federal income tax. Measure makes all federal income tax paid by personal and corporate income taxpayers a deduction on the taxpayers' Oregon income tax returns. Applies only to federal income taxes on income subject to Oregon taxation. Measure effective in tax years starting on or after January 1, 2000.

ESTIMATE OF FINANCIAL IMPACT: It is unclear when this measure would take effect. If the measure applies to the 2000 tax year, state revenues will be reduced by approximately $870 million in fiscal year 2000-01 (the second half of the current budget period).

It is unclear whether this measure applies to corporate excise taxpayers. If it does, state revenues will be reduced by an additional $66 million for 2000-01 (the second half of the current budget period).

State revenues will be reduced $800 million to $1 billion per year beginning in 2001-02, depending upon growth in personal income and federal tax liability, and whether the measure applies to corporate excise taxpayers.

The measure may result in a reduction of state-shared revenues to local governments.

Proposed by initiative petition to be voted on at the General Election, November 7, 2000.

BALLOT TITLE

92 AMENDS CONSTITUTION: PROHIBITS PAYROLL DEDUCTIONS FOR POLITICAL PURPOSES WITHOUT SPECIFIC WRITTEN AUTHORIZATION

RESULT OF "YES" VOTE: "Yes" vote prohibits payroll deductions for political purposes without specific annual written employee authorization.

RESULT OF "NO" VOTE: "No" vote retains current laws governing authorization of payroll deductions for political purposes.

SUMMARY: Amends Constitution. Under current law, payroll deductions are permitted only if authorized in writing by employee, authorized by collective bargaining agreement or required by law; unions cannot require political contributions. Measure prohibits using payroll deductions for political purposes without specific annual written employee authorization. Applies to all employees. Deductions are "used for political purposes" if any portion is spent directly/indirectly on: contributions to candidates or political committees/parties; lobbying; independent expenditures supporting/opposing candidates, ballot measures or proposed initiatives. Imposes civil penalties for violations.

ESTIMATE OF FINANCIAL IMPACT: This measure will require state government expenditures of $396,000 annually to update the payroll system.

This measure will require local government expenditures of $1,126,000 annually to update the payroll system.

There is no financial effect on state or local government revenues.

Proposed by initiative petition to be voted on at the General Election, November 7, 2000.

BALLOT TITLE

99 AMENDS CONSTITUTION: CREATES COMMISSION ENSURING QUALITY HOME CARE SERVICES FOR ELDERLY, DISABLED

RESULT OF "YES" VOTE: "Yes" vote creates commission ensuring quality home services for elderly, disabled receiving publicly-funded care.

RESULT OF "NO" VOTE: "No" vote rejects commission ensuring quality home services for elderly, disabled receiving publicly-funded care.

SUMMARY: Amends constitution. Creates nine-member commission ensuring high-quality home care services for elderly, disabled receiving publicly-funded personal care. Members appointed by Governor for three-year terms, confirmed by Senate. Commission would establish home care worker qualifications, registry; provide routine, emergency, respite referrals of qualified care providers; provide training opportunities. Clients would retain right to hire provider of their choosing. Commission would be home care workers' employer for collective bargaining purposes. Home care workers would have public employees' collective bargaining rights, could not strike.

ESTIMATE OF FINANCIAL IMPACT: This measure requires state expenditures of $938,646 in the year of implementation and $928,106 annually thereafter.

There is no financial effect on state or local government revenues, or on local government expenditures.

Proposed by initiative petition to be voted on at the General Election, November 7, 2000.

BALLOT TITLE

1 AMENDS CONSTITUTION: LEGISLATURE MUST FUND SCHOOL QUALITY GOALS ADEQUATELY; REPORT; ESTABLISH GRANTS

RESULT OF "YES" VOTE: "Yes" vote requires legislature to fund school quality goals adequately, issue report, establish equalization grants.

RESULT OF "NO" VOTE: "No" vote rejects requirements that legislature fund school quality goals adequately, issue report, establish grants.

SUMMARY: Amends constitution. Current statutes establish quality goals for education; constitution does not require legislature to fund schools adequately to meet those goals. Measure requires that, in each biennium, legislature fund schools adequately to meet law's quality goals, publish report either demonstrating funding sufficiency or identifying reasons for insufficiency, its extent, and impact on state's ability to meet goals. Also requires establishing equalization grant system to eligible districts whose voters approve local option taxes, consistent with any legal obligation to maintain substantial equity in state funding.

ESTIMATE OF FINANCIAL IMPACT: There is no financial effect on state or local government expenditures or revenues.

BALLOT TITLE

2 AMENDS CONSTITUTION: CREATES PROCESS FOR REQUIRING LEGISLATURE TO REVIEW ADMINISTRATIVE RULES

RESULT OF "YES" VOTE: "Yes" vote creates process for petitioning legislature to require its review of administrative rules.

RESULT OF "NO" VOTE: "No" vote keeps system not requiring legislative approval for administrative rules to remain in effect.

SUMMARY: Amends constitution. Current law does not require legislative review of administrative rules. Measure allows voters to require legislative review of administrative rules at next regular session when petition, signed by at least 10,000 voters, is filed listing affected rules. Rule remains effective until reviewed by legislature, but rule ceases to be in effect unless approved. If governor vetoes bill, rule is disapproved unless legislature overrides veto. If rule not approved, state agency may adopt new rule on same issue, but legislative review is required.

ESTIMATE OF FINANCIAL IMPACT: There is no financial effect on state or local government expenditures or revenues.

Proposed by initiative petition to be voted on at the General Election, November 7, 2000.

BALLOT TITLE

3 AMENDS CONSTITUTION: REQUIRES CONVICTION BEFORE FORFEITURE; RESTRICTS PROCEEDS USAGE; REQUIRES REPORTING, PENALTY

RESULT OF "YES" VOTE: "Yes" vote requires conviction before property forfeiture; restricts use of proceeds; requires reporting; declares penalty.

RESULT OF "NO" VOTE: "No" vote rejects: requiring conviction before forfeiture; restricting use of proceeds; requiring reporting; declaring penalty.

SUMMARY: Amends constitution. Current law does not require conviction before property forfeiture. Measure prohibits property forfeiture unless owner or interest-holder has been convicted of crime involving property. Forfeited property's value must be proportional to crime. Contraband, unclaimed property may be forfeited without conviction. Forfeited property's sale must be conducted in commercially reasonable manner. Prohibits applying sale proceeds to law enforcement. Sets priorities for distribution: foreclosed liens, security interests, contracts; forfeiture costs; state drug treatment. Restricts transferring proceedings to federal government. Requires reporting, penalty. Other provisions.

ESTIMATE OF FINANCIAL IMPACT: There may be a reduction in state and local revenue due to a stricter standard of evidence required for forfeitures under the measure, but the amount can not be determined.

There is no effect on state or local government expenditures.

BALLOT TITLE

4 DEDICATES TOBACCO-SETTLEMENT PROCEEDS; EARNINGS FUND LOW-INCOME HEALTH CARE

RESULT OF "YES" VOTE: "Yes" vote creates tobacco settlement trust fund; earnings dedicated to low-income health care.

RESULT OF "NO" VOTE: "No" vote leaves use of tobacco-settlement proceeds unrestricted, rejects creation of health trust fund.

SUMMARY: Currently, use of proceeds from settlement with tobacco products manufacturers is unrestricted. Measure places entire settlement into trust fund. Requires continuous appropriation of all fund earnings, for medical, dental, other remedial care services for low-income persons. Principal may be used for those purposes if court order or settlement agreement requires principal to go to federal government, or upon 2/3 approval by legislature when certain economic conditions indicate presence or likelihood of recession. Prohibits appropriations for other purposes, or under other conditions, absent voters' approval.

ESTIMATE OF FINANCIAL IMPACT: The state estimates that it will receive $339 million under the Tobacco Master Settlement Agreement by June 30, 2003. The measure allocates an estimated $8.8 million for Oregon Health Plan programs during state fiscal year 2001 (July 1, 2000 - June 30, 2001). Estimated revenue for state fiscal years 2002 and 2003 are $11.2 and $16.4 million respectively. These funds will qualify for federal matching revenues in the Medicaid and Children's Health Insurance Programs.

There is no financial effect on local government expenditures or revenues.

Proposed by initiative petition to be voted on at the General Election, November 7, 2000.

BALLOT TITLE

5 EXPANDS CIRCUMSTANCES REQUIRING BACKGROUND CHECK BEFORE TRANSFER OF FIREARM

RESULT OF "YES" VOTE: "Yes" vote expands Oregon background check before firearm transfer at gun show or by dealer.

RESULT OF "NO" VOTE: "No" vote rejects expanding current Oregon background-check requirement beyond handgun transfers by gun dealers.

SUMMARY: State law currently requires background check before gun dealer sells handgun. Measure requires: background check before gun dealer transfers any firearm; background check, or transfer through gun dealer, before nondealer may transfer firearm at "gun show" (event with over 25 available firearms present). Noncompliance creates criminal liability. Retains background information five years; bars disclosure under Public Records Law. Expands crimes of providing false information, improper transfer, to include transfers of all firearms, not just handguns. Other changes.

ESTIMATE OF FINANCIAL IMPACT: State government expenditures are estimated at $500,000 per year to conduct the additional criminal history background checks resulting from the measure and one-time start-up expenditures of $150,000.

State revenues will increase revenues will increase by $500,00 to $700,000 a year from fees to cover the cost of the checks.

There is no financial effect on local government expenditures or revenues.

BALLOT TITLE

6 PROVIDES PUBLIC FUNDING TO CANDIDATES WHO LIMIT SPENDING, PRIVATE CONTRIBUTIONS

RESULT OF "YES" VOTE: "Yes" vote provides limited public funding to candidates accepting limits on spending and private contributions.

RESULT OF "NO" VOTE: "No" vote retains system of no public funding, unlimited private contributions to state office candidates.

SUMMARY: Provides for limited public funding of qualifying candidates' campaigns for Governor, Secretary of State, Treasurer, Attorney General, state senator, representative. Candidates qualify by: (1) agreeing to accept only certain permitted contributions and make expenditures only from those sources; (2) receiving specified number of $5 contributions from Oregon residents. Creates fund to finance qualifying candidates' campaigns. After qualifying, candidates may spend revenues only from fund, remaining permissible private contributions. Mandates adequate funding. Partially repeals political tax credit. Increased disclosure requirements. Penalties for violations. Other changes.

ESTIMATE OF FINANCIAL IMPACT: State revenues would increase by an estimated $1,000,000 a year by elimination of the Political Tax Credit for contributions to state partisan candidates. The legislature shall appropriate that amount to the Political Accountability Fund, plus additional moneys to fully fund candidates who qualify under this measure. Once fully funded, the Political Accountability Fund shall not exceed $24 million in any biennium.

Costs to the Secretary of State to administer the measure would be $403,000 a year.

There is no financial effect on local government expenditures or revenues.

Proposed by initiative petition to be voted on at the General Election, November 7, 2000.

BALLOT TITLE

RESULT OF "YES" VOTE: "Yes" vote requires state, local government pay property owner if law, regulation reduces property value.

RESULT OF "NO" VOTE: "No" vote rejects requiring government pay compensation if law or regulation reduces property value.

SUMMARY: Amends Constitution. Oregon Constitution prohibits taking private property for public use without just compensation. Measure requires state, local governments pay landowner amount of reduction in market value if law, regulation reduces property value. Compensation required if owner must act to protect certain natural resource, cultural values or low income housing. Exemption for historically recognized nuisance laws or if owner sells alcohol, pornography, operates casino. Applies if regulation adopted after owner acquires property.

ESTIMATE OF FINANCIAL IMPACT: Direct costs to the state are estimated to be $1.6 billion per year. Local government direct costs are estimated to be $3.8 billion per year.

There is no state or local government revenue impact.

BALLOT TITLE

8 AMENDS CONSTITUTION: LIMITS STATE APPROPRIATIONS TO PERCENTAGE OF STATE'S PRIOR PERSONAL INCOME

RESULT OF "YES" VOTE: "Yes" vote limits state appropriations to 15 percent of state's personal income in prior biennium.

RESULT OF "NO" VOTE: "No" vote leaves constitution without limit on appropriations for state government expenditures.

SUMMARY: Amends constitution. Constitution requires legislative appropriation before spending state, federal funds in treasury; does not limit appropriations. Statute limits growth rate of appropriations for general governmental purposes. Measure limits biennial state appropriations to 15 percent of state's personal income in prior biennium. Exempts most appropriations funded by state-issued bonds. Would have required over $3.7 billion cut in current biennium's appropriations. Increasing limit requires Governor's emergency declaration, 3/4 approval of each legislative house. Distributes revenues over limit (except from dedicated investment funds) to taxpayers.

ESTIMATE OF FINANCIAL IMPACT: The measure will reduce state government appropriations by an estimated $5.7 billion for the 2001-2003 biennium.

The measure may result in a reduction of state-shared state and federal revenues to local governments.

Proposed by initiative petition to be voted on at the General Election, November 7, 2000.

BALLOT TITLE

9 PROHIBITS PUBLIC SCHOOL INSTRUCTION ENCOURAGING, PROMOTING, SANCTIONING HOMOSEXUAL, BISEXUAL BEHAVIORS

RESULT OF "YES" VOTE: "Yes" vote prohibits public school instruction encouraging, promoting, or sanctioning homosexual/bisexual behaviors; provides penalties.

RESULT OF "NO" VOTE: "No" vote rejects proposal to prohibit public school instruction encouraging, promoting, sanctioning homosexual/bisexual behaviors.

SUMMARY: Amends statutes. Prohibits public schools from instructing on behaviors relating to homosexuality and bisexuality in a manner that encourages, promotes or sanctions such behaviors. Provides sanctions for noncompliance by any public elementary or secondary school or by any community college, including loss of all or part of state funding.

ESTIMATE OF FINANCIAL IMPACT: There is no financial effect on state or local government expenditures or revenues.

CAPTION: HERMISTON SCHOOL DISTRICT FIVE-YEAR OPERATING LOCAL OPTION TAX

QUESTION: Shall the District impose $1.75 per $1,000 assessed value for operations beginning 2001-2002 for five years? This measure may cause property taxes to increase more than three percent.

SUMMARY: According to District calculations, based upon data collected from the county assessor's office, the estimated increase over the 1999 combined school tax rates is estimated to be .39 cents per $1,000 of assessed valuation. The additional tax revenue will be used to provide funds for the general operation of the District for approximately 4,000 students. The school district will use the funds from this measure to:

* Maintain current programs;

* Reduce class sizes in some areas.

A local option rate of $1.75 or the expected increase over the 1999 combined school tax rates of .39 cents per $1,000 of assessed value is estimated to raise a total of $7,667,000 over five years. The estimated tax cost for this measure is an **ESTIMATE ONLY** based on information available from the County Assessor at the time of the estimate.
